Malaria AWARENESS

Before going away on holiday or business, it is very important to find out whether there is a risk of getting malaria in the area you are visiting.

Visit your PnP Pharmacies, where our pharmacists will be able to inform you of:

- Malaria risk areas
- Malaria prophylactic medications available as over the counter medication
- Other measures to avoid mosquito bites

Malaria is one of the most serious tropical diseases and can be fatal if not diagnosed and treated at an early stage. If you have recently visited a high risk malaria area and you have any flu-like symptoms, go to your doctor, who will be able to do tests to establish whether it is malaria or just a bout of flu.

Viper 3 Med Hemp Seed Oil 500ml

Buy Viper 3 Med Hemp Seed Oil 500ml and Get a Hemp Cream 100ml FREE

Hemp oil has been referred to as a **SUPERFOOD**, because of the high levels of Essential fatty acids (Omega-6 and Omega-3 essential fatty acids) found in the oil.

The oil from the hemp seed is highly nutritious and may be especially helpful for skin conditions.

Tests have shown that there are no cannabinoids present in the seeds of the hemp plant.
